Beverly Hills -

The Residence Inn by Marriott Beverly Hills recently completed a full renovation and redesign of the lobby, meeting space, and all 186 suites. This hidden gem sits just blocks from Rodeo Drive and boasts a boutique-inspired atmosphere that you can afford.

Whether visiting the greater Los Angeles area for vacation or business, the renovations were done with your needs in mind, making this hotel a perfect choice for short and extended stays alike. Guests have the option to begin their day with a workout in the Exercise Room and rejuvenate their muscles in the 20-person whirlpool spa. The “Great Room” provides a complimentary full hot breakfast buffet every morning and complimentary light fare, sodas, wine and beer in the evenings; Monday through Wednesday.

“We are an all-suite hotel with kitchens fully equipped with new energy-efficient stainless-steel appliances. The living room areas and bedrooms in each suite are finished with contemporary upscale furniture, a vibrant color scheme with warm woods and finishes along with artwork that highlights Beverly Hills and Hollywood,” said Michael D’Amodio, Area General Manager Residence Inn by Marriott Beverly Hills.

If you meeting friends or colleagues, Marriott’s “Great Room” lobby design is just for you. The open room provides ample seating where connecting to the property-wide complimentary Wi-Fi can help you share important work documents or connect with family and friends at home.
